

Capstone Project - The Battle of Neighborhoods

Analysis for Indian Restaurants in NYC, USA

Data Requirements: -

For this project, we will need following data for analysis: -

- 1- Indian restaurants location data in NYC (New York City).
- 2- Latitude and longitude coordinates of those locations.
- 3- Restaurant details including ratings, likes etc.

Data Sources: -

We will use below data sources for Indian Restaurants details: -

- 1- Open data source for New York locations and coordinates.
(https://cocl.us/new_york_dataset)
- 2- Foursquare API to get the venue data for the neighborhoods.
(<https://developer.foursquare.com/>)
